

Terms of Use

These terms govern use of the public 4xBrokers website and content. They do not by themselves create a trading account. Effective date: [INSERT].

LEGAL REVIEW REQUIRED

[WEBSITE / JURISDICTION] Insert the website owner, address, restricted locations, local marketing restrictions, contact details, governing law and dispute forum. Confirm that every public claim, instrument reference and link is approved for each viewer location.

1. Acceptance and website scope

These Terms of Use apply to the 4xBrokers public website, mobile pages, educational content, calculators, marketing pages and other publicly available digital content (the "Website"). By using the Website, you agree to these terms. If you do not agree, do not use the Website.

These terms are separate from the Terms of Service that apply to an approved client account. Creating an account or using a live product requires separate acceptance of the applicable client agreement and disclosures.

2. Information only - no advice or offer

Website content is provided for general information. It is not investment, legal, tax, accounting or other personal advice, and does not take account of your objectives, financial situation or needs. Educational content, market views, pricing, charts, news, examples and performance illustrations may be incomplete, delayed or inaccurate.

The Website is not an offer, solicitation or recommendation in any place where it would be unlawful or where 4xBrokers is not permitted to provide the relevant product or service. You are responsible for understanding the laws that apply to you.

3. Availability, accuracy and changes

We aim to keep the Website useful and current, but do not guarantee that all content will be available, complete or error free. We may change, suspend or remove content or functionality at any time. Before relying on an instrument specification, fee, price, promotion or legal document, review the current approved version in the relevant client area or contact us at [CONTACT EMAIL].

Demonstrations, simulated results, illustrations and historical performance do not predict future results. Trading and investing carry risk, including the possible loss of capital.

4. Acceptable use

You may use the Website for lawful personal or internal business purposes. You must not interfere with its security or operation; scrape, harvest or republish protected content; bypass access controls; introduce malicious code; impersonate another person; use the Website for unlawful conduct; or use automated systems except where we give written permission.

We may restrict access where reasonably necessary for security, legal compliance, intellectual-property protection, prevention of abuse or operation of the Website.

5. Intellectual property and feedback

The Website, its design, text, graphics, branding, software and other content are owned by us or our licensors and protected by law. You may not copy, modify, distribute, publicly display, create derivative works from or commercially exploit content except where law allows or we give written permission.

If you send feedback, suggestions or ideas, you allow us to use them without obligation or compensation, subject to applicable law and your rights in personal information.

6. Third-party content and links

The Website may link to or display material from third parties. We do not control and are not responsible for third-party content, availability, terms, privacy practices or products. A link does not mean we endorse the third party. You use third-party sites at your own risk and should review their terms and notices.

7. Privacy, cookies and communications

Our Privacy Policy explains how we handle personal information. Our Cookie Notice explains how cookies and similar technologies are used and how to control non-essential choices. If you contact us through the Website, we may use your details to respond, secure the interaction and meet legal or operational requirements.

8. Disclaimers, liability and general terms

Nothing in these terms limits liability that cannot lawfully be limited. Any disclaimer, liability cap, indemnity, governing law, dispute process, severability, assignment, language and notice clause must be finalised by counsel for the jurisdictions in which the Website is made available.

If you have a question about the Website or these terms, contact [CONTACT EMAIL]. We may update these Terms of Use from time to time. The current version and effective date will be posted on the Website, and we will provide additional notice where required by law.
